Jaundice Awareness Campaign

An awareness campaign on jaundice, its causes and remediation was organized by the Department of Zoology, GC Solan on 12th March, 2016 in collaboration with Nature Club. Students of IInd, IVth and VIth semesters of Science participated in the same. Students displayed the posters depicting various issues related to impure drinking water issues. Further, they described causes, causative agents, allopathic as well as home remedies for jaundice through posters.

Poster making and collage competition on the themes 'Biodiversity' and 'AIDS' was also held. Dr Verma, Dr Baldev Thakur and Dr Sapna Pandit judged the event. The winner students were given books as a token of appreciation. Prof. Anupam Bhalla and Dr Sheela Kapoor graced the event by their presence.
