Report

Industry Engagement Session

The Departments of Computer Science and Computer Applications, in collaboration with the Career Counseling and Placement Cell, Govt. College Solan, organized an Industry Engagement Session on 30th July, 2025, in the college conference hall. The event commenced at 12:00 Noon and witnessed enthusiastic participation from 80 students of B.Sc. (Computer Science) Final Year and BCA , along with the faculty members of the BCA and Computer Science Dept.

The session was conducted in collaboration with Alpha IT, with three representatives from the company present to interact with the students. The industry representatives provided valuable insights into various career prospects available after completing B.Sc. Computer Science and BCA. They elaborated on emerging roles in the IT sector, skill requirements, and how students can prepare themselves for the competitive job market. The session also included an engaging discussion on upcoming technologies such as Artificial Intelligence, Cloud Computing, Data Analytics, and Cyber security. Students actively participated, asking relevant questions and gaining clarity about industry expectations and trends.

The session concluded with a note of thanks to the representatives of Alpha IT for sharing their expertise and motivating the students to align their skills with industry demands. The event successfully bridged the gap between academia and industry, encouraging students to stay updated with the latest technological advancements.
