

5.4 Special New innovative Initiatives or ideas adopted by the college:

5.4.1 “Bhav Tarang: A Celebration of Art and Tradition”

On 17th September 2024, a one-day programme titled “Bhav Tarang” was organized at Government College Solan by the Departments of History, Painting, and Music. The Chief Guest was Dr. Rita Sharma, Principal, Government College Solan, and the Guest of Honour was Dr. Shivani Sharma, Government College Pajhota (District Sirmaur, Himachal Pradesh). The programme showcased models of Paleolithic tools, historical coins, a painting exhibition, a quiz competition, along with performances of sitar recitals, folk singing, classical dance, and folk dances such as Giddha, Rajasthani, and Nati, presented by students.

Chief Guest Dr. Rita Sharma emphasized the importance of History, Painting, and Music, urging students to explore the historical heritage of Solan. Guest of Honour Dr. Shivani Sharma shared insights from her research on culture, history, and the arts. Both dignitaries distributed cash prizes and awards to winners, encouraging student participation.

The event is a cultural treasure as it preserved and presented India’s rich heritage, traditions, and art forms under one platform. Its social impact lies in fostering cultural pride, community bonding, creativity, and awareness of heritage, inspiring students to value their roots while engaging with society positively.

5.4.2 Nurturing Empathy and Social Responsibility through Awareness on Muscular Dystrophy

The Department of Education organized a visit to a Muscular dystrophy rehabilitation center (IMDRC) in Solan where around 30 students were taken to learn about Muscular Dystrophy and interact with patients affected by this condition. The initiative aimed to create awareness about genetic disorders and their social impact, while also encouraging empathy and responsibility among students. By understanding the challenges faced by patients, such as mobility issues and long-term care needs, students gained valuable insights beyond textbooks, linking classroom knowledge with real-life experiences. This exposure not only broadened their understanding of health-related issues but also sensitized them to the importance of supporting individuals with special needs. Such activities play a crucial role in inculcating social responsibility, compassion, and community service in young learners. For the institute, organizing these awareness visits reflects a best practice as it strengthens the bond between education and social values, preparing students to become more responsible and empathetic citizens.

5.4.3 Nourish to Flourish: Learning the Power of Nutrition

The college has launched a new annual initiative “ **Annual Health and Nutrition Awareness Camp**” aimed at promoting health and nutrition awareness among students. Beginning with its first camp on 31st August 2024, the Chemistry Club Lavoisier, in collaboration with Maa Shoolini Seva Trust Solan, successfully organized an awareness program in which 150 students participated. As part of this yearly initiative, Dr. Archit, MD, Nutritionist Corner, University of New York, was invited as the special keynote speaker. He provided comprehensive information on balanced diet, hormone imbalance, cleanliness, and overall health and nutrition to encourage students to adopt a healthy lifestyle.

Principal Dr. Rita Sharma appreciated this new initiative and announced that such awareness camps will now be organized every year. She encouraged students to follow the health and nutrition guidelines shared during the program and to stay away from intoxicants.

राजकीय महाविद्यालय सोलन मे स्वास्थ्य और पोषण पर शिविर का आयोजन

3 days ago Nationspeaks (<https://nationspeaks.in/author/nationspeaks/>)

31 अगस्त 2024 को केमिस्ट्री क्लब लेवोजियर व शारिरिक शिक्षा विभाग ने माँ शूलीनी सेवा ट्रस्ट सोलन के सहयोग से एक जागरूकता शिविर का आयोजन किया। जिसमें 150 विद्यार्थियों ने भाग लिया। इस शिविर में डॉ. अर्चित एमडी न्यूट्रिशनलिस्ट कॉर्नर यूनिवर्सिटी

5.4.4 Initiation of virtual Classroom Learning method adding new smart boards and PGZ 3D cameras.

This year, the college has introduced a significant new initiative by launching an advanced Virtual Classroom Learning system. As part of this innovation, state-of-the-art smart boards and PGZ 3D cameras have been installed to enhance the teaching-learning experience. This upgraded system is not only used for regular classroom teaching but also for connecting several colleges like GC Rajgarh , Sanskrit college and cluster colleges around Solan, allowing faculty to deliver lectures and conduct interactive sessions across institutions. This initiative aims to make learning more engaging, accessible, and collaborative while promoting knowledge sharing and digital integration. By adopting this modern technology, the college ensures that students remain aligned with contemporary educational standards and benefit from a broader academic network.
